

THE ARCHON

THE HONORABLE WILLIAM DUMMER

Lieutenant Governor
of
The Massachusetts Bay Colony
1716 - 1730

Founder of Governor Dummer Academy
at South Byfield, Massachusetts in 1763

SPECIAL ISSUE

JUNE 20, 1936

Digitized by the Internet Archive
in 2012 with funding from
Federally funded with LSTA funds through the Massachusetts Board of Library Commissioners

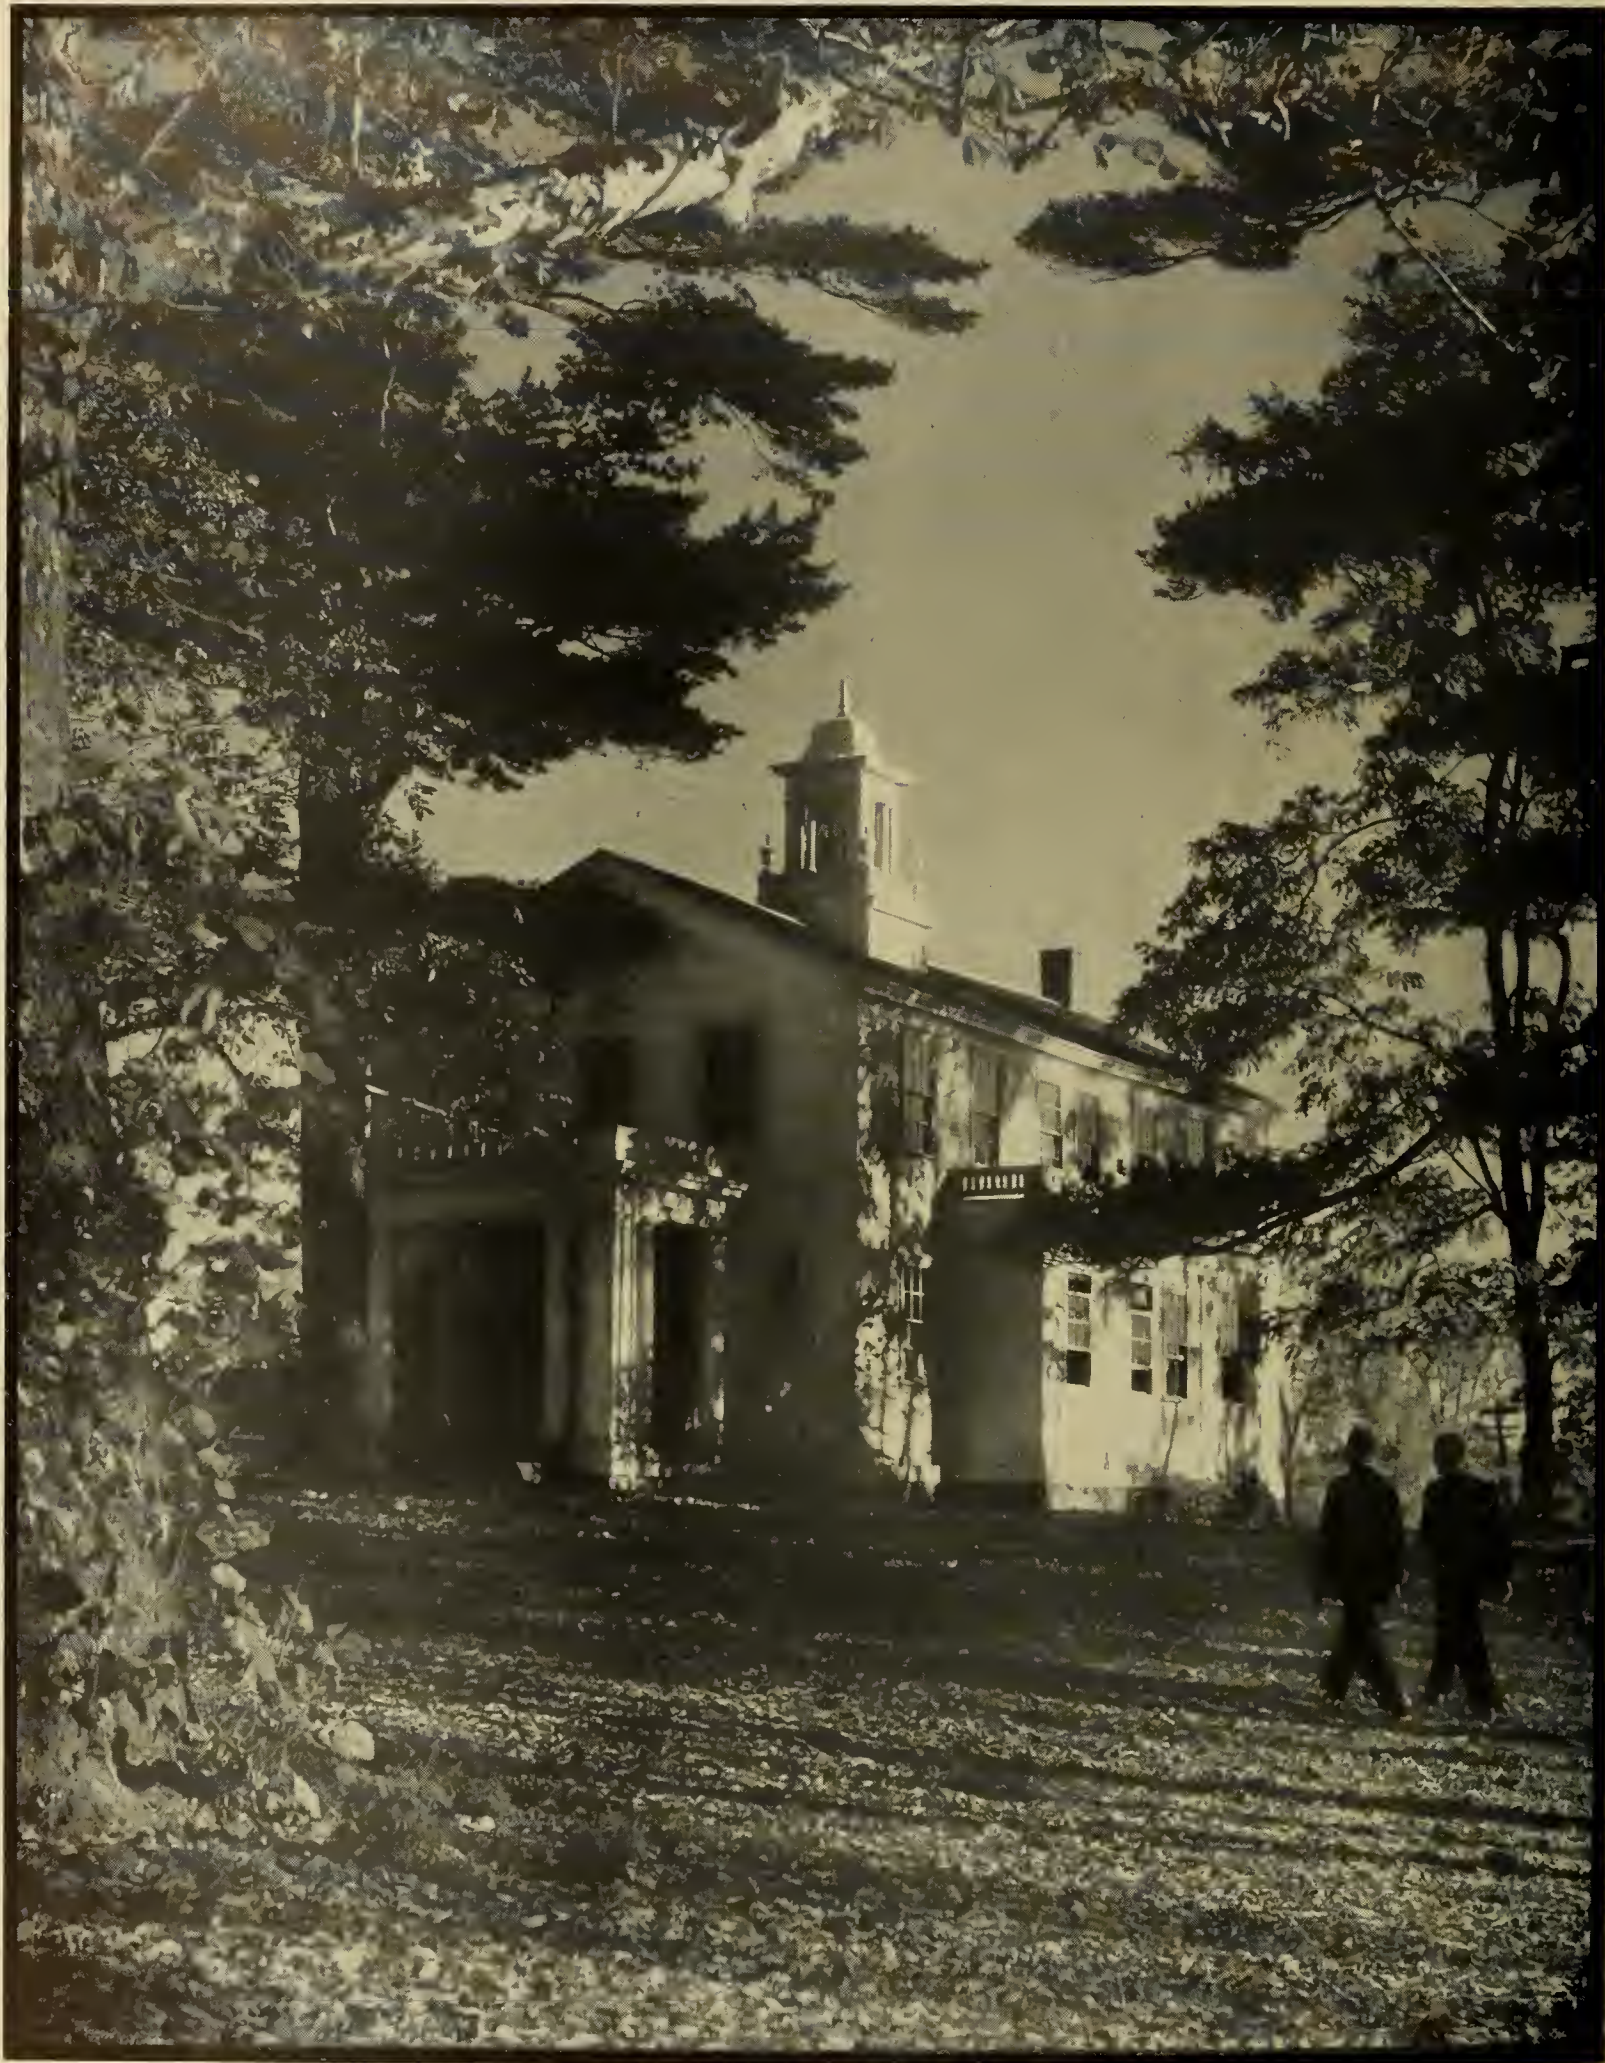

THE SCHOOL HAS NO CATALOG

THE school does not publish a catalog. This special issue of the school paper, *The Archon*, is designed not only to replace the usual school catalog but also to provide a more intimate and complete picture of the life of the Academy.

The school will be glad to send additional copies of this booklet to you or to other persons who may wish to secure accurate, interesting, and up-to-date information about Governor Dummer.

The usual format, appearance, and arrangement of the paper have been preserved; and the text and most of the photographs are reprinted from the regular issues published during the school year 1935-36. The remainder of the photographs are reprinted from the current issue of the *Milestone*, the school year book, and from the Building Campaign booklet. An appendix in the last few columns contains a complete list of trustees, masters, and students of Governor Dummer for 1935-36.

ACADEMY'S SENIOR CLASS WILL RECEIVE DIPLOMAS AT 173RD COMMENCEMENT

President Cousens of Tufts to Conduct Baccalaureate; President Ferry of Hamilton To Give Commencement Address

MR. CLARENCE FRANCIS TO SPEAK

Diplomas will be presented to the fifty-five members of the senior class at the 173rd Commencement exercises of the school on Friday, June 5.

The program, as planned by Mr. Eames and the Commencement Committee, will begin on Sunday, May 31, with the Baccalaureate service in Adelynrood Chapel at 3:30 P. M. There the seniors, in caps and gowns, will occupy the seats of honor at the front of the Chapel. President John Albert Cousens, LL.D., of Tufts College will deliver the address at this service.

The annual Senior Sing will be held on Sunset Hill on Thursday, June 4, at 8:00 P. M. This traditional service always attracts many parents, neighbors, and friends of the school to the ceremony. There the senior class will make known its gift to the school through the president of the class. The first copies of the *Milestone* for 1936 will be given out, and the dedication revealed. At the conclusion of the sing, the fifty-five seniors in caps and gowns will file slowly down the hill, circle the historic milestone, and file through the front doorway of the Mansion House while singing the senior song.

Graduation exercises will take place Friday morning, June 5, at 10:30 A. M. on the lawn to the South of the Mansion House. At the exercises, the outstanding part of the Commencement program, President Frederick C. Ferry, Ph.D., of Hamilton College will deliver the Commencement address. Diplomas will be given out by Mr. James Duncan Phillips, president of the Board of Trustees, and the Headmaster will award various prizes.

Immediately following these exercises, the Glee Club will present its annual Commencement concert in the Lang Gymnasium. This concert is exceedingly impressive because, singing for the last time together, the Glee Club gives its best performance of the year.

(Continued on Page Seven)

TEN SENIORS ELECTED TO GOVERNOR DUMMER CHAPTER OF THE CUM LAUDE SOCIETY

Mr. James Duncan Phillips Installed As Honorary Member of Chapter At Ceremony On May 22

Ten seniors were installed as members of the Governor Dummer chapter of the Cum Laude Society at a formal initiation on the evening of May 22. The boys who received this scholastic honor are George Bovenizer, Dudley Follansbee, David Foss, Fred Fuld, Parker Kitchell, Burton Machinist, Robert McMenimen, Benjamin Stewart, John Wells, and Joseph Williamson.

Mr. James Duncan Phillips, president of the Governor Dummer Board of Trustees, was elected as an honorary member of the chapter and was installed at the same ceremony.

Following a dinner in the Noyes Library, the initiation was conducted by Mr. Dunning of the faculty, president of the chapter, and Mr. Stone, secretary. Mr. Stackpole, former member of the faculty, brought the formal exercises to a close by reading a paper which dealt with the early connections between Harvard College and Governor Dummer. The meeting then adjourned and an informal discussion took place.

BOARDING DEPARTMENT HAS RECORD ENROLLMENT THIS YEAR

The enrollment at Governor Dummer Academy this fall has reached a total of 119. There are 100 boarding students and 19 day students. Fifteen states and two foreign countries are represented in the boarding department. More than half the boys come from homes outside Massachusetts: New York 18, New Jersey 7, Maine 4, Connecticut 4, Illinois 4, New Hampshire 3, Vermont 2, Ohio 2, Rhode Island 1, Pennsylvania 1, Michigan 1, Florida 1, Montana 1, Texas 1, Canada 1, Germany 1.

The representative from Germany is Hans Bosenius, a 17-year old boy from Kiel, who has come to Governor Dummer for the fall term as an exchange student under the auspices of the International Schoolboy Fellowship in America and the Austauschdienst in Germany.

ANNUAL CHRISTMAS DINNER
HELD HERE THIS EVENING AS
FOOTBALL TEAM IS HONORED

Dr. Claude Fuess Presides; Mr. William J.
Bingham and Dr. Remsen B. Ogilby
Are Principal Speakers

EDWARD DONNELLY NAMED
CAPTAIN OF 1936 ELEVEN

Letters and Gold Footballs Awarded to Seven-
teen Members of Undefeated Team
By Headmaster

The annual Christmas dinner, marking the end of a successful fall term, was held this evening in the Lang Gymnasium. The chief event of the occasion was the awarding of gold footballs and letters to the Academy football team and its managers by Headmaster Edward W. Eames, who is the head coach of football. The name of the captain of next year's eleven was announced during the after-dinner ceremonies, and group singing under the direction of Mr. Sager was one of the highlights of the evening.

Dr. Claude M. Fuess, headmaster of Phillips Academy at Andover and a trustee of Governor Dummer, again served in the capacity of toastmaster. Mr. William J. Bingham, director of athletics at Harvard, and Dr. Remsen B. Ogilby, president of Trinity College, were the principal speakers of the evening. All of these speakers are well known to the school, Dr. Fuess and Mr. Bingham having addressed previous Christmas dinners, and Dr. Ogilby having spoken at an evening meeting. There were approximately 300 persons attending the dinner.

The captain of next year's football team, announced tonight, is Edward Donnelly of New Haven, Connecticut. Although this is Donnelly's first year at Governor Dummer and he has never before played on an Academy team, his performance at end this season made him one of the outstanding players on the team, and his teammates elected him to pilot next year's eleven.

Under the able leadership of Captain Paul Comins, the Governor Dummer football team has been singularly successful in having just completed an undefeated season against strong opposition. Substantial victories were scored over the Andover Reserves, Tabor Academy, Thayer Academy, Harvard Freshman Seconds and Moses Brown School. The Deerfield game was played to a scoreless tie, Governor Dummer's passing offense being ineffective in the

wet weather. The squad was a big one this year, which proved exceedingly helpful throughout the season.

Letters and gold footballs were awarded tonight to seventeen players and two managers. Eleven of these played in the line: Captain Paul Comins, Captain-elect Edward Donnelly, Aaron Goodale, Adolf Haffenreffer, Rollin Steele, John Barrows, John Connelly, Joseph Williamson, Richard Francis, Thomas Logan, and Walter Loeman; the backfield: Joseph Hoague, Robert Hale, Morgan Batten, Richard Floyd, Richard Curtis, and Fred Cool. The managers receiving letters and gold footballs were Robert Redburn and Richard Schanzle.

APPOINTMENT OF NEW MASTER
IS ANNOUNCED TO *THE ARCHON*

Mr. Bradford Bentley Will Join Governor
Dummer Faculty Next Fall

The appointment of Mr. Bradford Bentley to the Governor Dummer faculty has been announced to *The Archon* by Mr. Eames. Mr. Bentley, who is graduating from Wesleyan University this June, will take up his duties at the Academy next fall.

The new master is already well known to a number of the faculty and boys at Governor Dummer. His father, Mr. Walter H. Bentley, is the director of Camp Wyanoke at Wolfeboro, New Hampshire, where Mr. Bradford Bentley is now a counsellor. Several Academy boys have attended this camp during the past few seasons. Mr. W. H. Bentley has been closely connected with Governor Dummer, having formerly been both a trustee and a master here. It was under his direction that Mason Cottage, the present home of Mr. Jacob of the faculty, was built.

WILLIAM DODGE HEADS LIST
IN COLLEGE BOARD EXAMS

By reason of two honor grades, William Dodge led the group of boys from Governor Dummer taking College Board Examinations last June. His honors were earned in English and Mathematics C.P.H. Oliver Andrews received an honor mark in French 3. Of the 24 examinations taken, 22 were passed, three of them with honor marks.

It is interesting to look over the results of the College Board examinations taken by Governor Dummer students during the last five years. They have taken 125 examinations and have successfully passed 105 of these. There

THE PRESENTATION OF THE MORSE FLAG

As a Part of the Commencement Day Exercises, the Flag That Has Flown Throughout the Year From This Flagpole Is Presented "to that Member of the Graduating Class Whose Record in All Respects Meets with the Highest Approval of the Faculty."

have been 34 honor grades. In the past five years only three boys who sought admission to college by the College Board method have been unsuccessful.

TREMENDOUS MURAL AMONG ACTIVITIES OF SKETCHING CLASS MEMBERS THIS YEAR

The activities of the sketching class at Governor Dummer during the year were headed by the making of a tremendous mural, so large that it completely covered one end of the Gymnasium. It was used to form a splendid and appropriate background for the speakers' table at the annual Christmas dinner. The work was entirely planned and executed by the boys, with suggestions from Mr. Morey Eames, the instructor, and each member of the class played a part in producing the mural.

Because the Christmas dinner was the occasion of celebrating the record of an undefeated football team, the mural depicted several football scenes. In the center was a large football, in which were painted the season's scores. The four corners showed a "time out" during the game, a "grass drill", the "pile driver" play which the team used so successfully, and a scene of an actual game in session.

Some of the sketching class members entered the annual Newburyport Hobby Show, held on May 1 and 2. The group of representative work of Governor Dummer students swept the prizes in the high school division.

The final activity of the year was an exhibition in the Noyes Library during Commencement Week, and four cash prizes were awarded as a result of this exhibit. The first prize in painting was awarded to John Bixby and the second to Edward Hastings. John Field won the prize in drawing, and John Benton was awarded the prize for the best block print.

ACADEMY'S SENIOR CLASS WILL RECEIVE DIPLOMAS AT 173RD COMMENCEMENT

(Continued from Page Five)

A dinner for parents will be held in the Gymnasium at 1:30, and a buffet luncheon will be served on the Mansion House lawn for other guests at the same time.

The annual Commencement baseball game with Deerfield Academy will take place at 3:00 P. M. on Morse Field.

Commencement Day will draw to a close with the Commencement Dinner held at 7:00 P. M., in a large tent on the junior athletic field. Mr. Alfred G. Rolfe of the Hill School of Pottstown, Pennsylvania, President Frederick C. Ferry of Hamilton College, and Mr. Clarence Francis, President of the General Foods Corporation of New York, and father of Richard Francis of the senior class, will speak at this dinner. The Commencement Dinner is the one real opportunity that students, alumni, parents, trustees, masters, and friends have to gather informally. All guests attending the Commencement program are therefore urged to remain for the dinner.

A VIEW OF THE SALT MARSHES AND THE GOLF COURSE FROM THE CENTER OF THE CAMPUS

REVEREND LESLIE GLENN
AMONG RECENT SPEAKERS

A Sunday evening vesper service is held each week in the Commons. Both students and masters attend this service, which includes a number of hymns and a short talk by an outside speaker.

A truer view of Christmas was discussed at Vespers, December 15, by the Reverend C. Leslie Glenn, pastor of Christ Church, Cambridge. "Christmas was founded that people might forget material things, commemorating the birth of Jesus, whose manhood manifested a divine genius which transformed the world of his time."

The worth of independent thought was stressed by Dr. Percy G. Kammerer, provost of Avon Old Fams, at Vespers on April 19. The indoctrination of patriotism in European peoples, like American slogans and domas, threatens individuality. We should listen for knowledge but should use it only in connection with our personal convictions. Education should impart no credo, but only the ability to reason.

The Reverend Markham W. Stackpole, teacher of English at Milton Academy, in speaking on the eve of Armistice Day, described the Great War. In this great conflict, besides destruction and antagonism, were manifested many human qualities. Armistice Day, he said, should be observed in admiration and gratitude for those who gave their best in duty.

Dr. Julius Seelye Bixler, formerly a professor at Amherst and now professor of theology at Harvard, declared that the great issue in education today is the use of words, in speaking at the Vesper service on May 17. Academic success seems to be allotted to those who are most adept in using words. Our greatest task is to understand the meanings of words and to translate them into action.

Mr. Stacy B. Southworth, headmaster of Thayer Academy, gave a sincere and forceful talk at the final Vesper service of the year, May 31, exhorting the students to be true to their heritage at Governor Dummer. Turning to history, he showed that great deeds have always been accompanied by a strong moral sentiment. Mr. Southworth urged that we be "among the sifted few, rather than among the unmotivated herd."

SATURDAY EVENING MOVIE
SCHEDULE SUPPLEMENTED BY
VARIETY OF ENTERTAINMENT

The school was entertained by an unusually interesting and appropriate lecturer, Captain Irving Johnson, on Saturday evening, February 1. Captain Johnson was known previously to those boys who were here some three years ago when he was introduced at Governor Dummer by Mr. Brodhead, a former member of the faculty. He was also known to many because of the sea trips he conducts in his sailing vessel, the *Yankee*, with novice crews. Captain Johnson took a group of twelve boys and three girls, all amateur yachtsmen, on a globe encircling voyage in 1933, and it was this trip of a year and a half that he related, using movies, on Saturday night.

Making their first visit to the school since 1933, the famous Hampton Quartet presented a concert of spirituals in the Lang Gymnasium on Friday evening, January 31, before an audience of neighbors, parents, faculty, and boys. The school was particularly glad to welcome back Mr. Wainwright, the second bass, who has been singing with the Hampton Quartet since 1887.

*Harvard Instrumental Clubs Perform at
Governor Dummer*

The Harvard Instrumental Clubs gave a very interesting and amusing entertainment in the Lang Gymnasium on Saturday evening, December 7. The Banjo Club opened the program with the *Washington Post March* and was followed by the Vocal Club, which presented a group of three songs, all well received by the audience. The stage was then turned over to Mr. H. S. Stone, who gave a brilliant exhibition of riding on a single wheel equipped with pedals.

The Chicago Quartet presented a group of three novelty songs, after which the Mandolin Club played three songs, being accompanied in their presentation of the *Volga Boatmen* by the Vocal Club. This song was received with great enthusiasm. A group of comedians presented an amusing take-off on the Hampton Quartet, and directly after their performance the Banjo Club reappeared to play *12th Street Rag* and *Margie*. The high spot of the evening came when Messrs. Develin and Brewer gave a demonstration of juggling with Indian clubs. A magician also gave a brief performance. The Vocal Club closed the program with a group of Harvard football songs and *Fair Harvard*.

SENIORS CONTINUE VISITS TO NEW ENGLAND COLLEGES

Alumni Groups Form Governor Dummer Clubs at Dartmouth, Bowdoin, Amherst, Harvard and Williams

The series of trips to New England colleges, begun last fall when a group of seniors visited Amherst, has recently included trips to Dartmouth, Bowdoin, Williams, and a second visit to Amherst. Through these trips, seniors are given an opportunity to see the colleges in action, to talk with the Deans of Admission, and to become acquainted with Governor Dummer alumni already attending those colleges.

The Dartmouth trip was taken just before spring vacation and became a thrilling experience because of the flood conditions in New Hampshire. A dinner was held at the Outing Club, for which the arrangements were made by Shaw Carter, a Dartmouth senior who was football captain and senior class president at Governor Dummer in 1932. A Governor Dummer Club at Dartmouth was formed, with Dana Douglass, '33, as president and Herbert Badger, '34, as secretary. The boys who made the trip with Mr. Eames were Stafford King, Walter Loeman, Fred Fuld, Benjamin Stewart, and Charles Hanson.

Group Visits Bowdoin College.

A party consisting of Mr. Eames, Tom Nathan and Rollin Steele visited Bowdoin College in Brunswick on April 10. During the afternoon the boys met and talked with the Dean of Admissions, Dr. Hammond. An inspection tour of the campus, buildings, and fraternities was then made.

A dinner was held in Moulton Union under the supervision of Frank Abbott, '35, and was attended by all the Governor Dummer graduates now at Bowdoin. Mr. Eames told about the highlights of the school year, and elections were held by the Bowdoin group for the purpose of choosing a president and secretary to be in charge of future dinners and entertainments. Henry Trask, '31, was elected president and Frank Abbott secretary.

Second Visit Paid to Amherst.

A group consisting of Mr. and Mrs. Eames, Mr. Mercer, David Harris, Frederick Zins, George Bovenizer, Parker Kitchell, and Donald Hastings, journeyed to Amherst on Monday, May 4, to visit the college. Jack Cushman, '32, was in charge of the preparations for the dinner, which was held at the

Delta Upsilon House, and which the graduates of this school now at Amherst attended. The party stayed overnight at various fraternity houses, and after seeing the buildings and campus, returned to school the next morning. *Party of Ten Makes Trip to Williamstown.*

Mr. and Mrs. Eames, Mr. Hearn, Jim Adams, Morgan Batten, David Burke, Martin Busch, Thomas Sanders, Cordis Sargent, and Joe Williamson drove to Williamstown on April 14 for a visit at Williams College. Under the direction of Bill Williamson, '35, a dinner was given at the Williams Inn, attended by the Governor Dummer alumni and also Mr. Fowle, a former master. Several speeches were made after the dinner, and the group elected Wentworth Smith and George Tryon as co-presidents of the Governor Dummer graduates at Williams, and Bill Williamson as secretary.

Everett Black Elected President of Harvard Group

Keeping pace with the alumni groups in other colleges, the Governor Dummer graduates at Harvard have organized themselves under the presidency of Everett Black, '34. William Mulliken, '35, was elected secretary. The group recently met for luncheon with Mr. Stackpole and Mr. and Mrs. Eames at the Harvard Faculty Club.

GOVERNOR DUMMER GLEE CLUB GIVES CONCERT SERIES

Combined Concerts With Bancroft School and Westbrook Junior College Feature 1936 Season

The Governor Dummer Glee Club, under the direction of Mr. Arthur Sager of the faculty, presented a series of concerts during the winter and spring terms. The first appearance of the year took place at the Wayside Inn in Sudbury on Saturday, March 7, when the Club entertained a meeting of the New England Camp Directors. Previous to the performance the boys enjoyed luncheon at the Inn and spent some time looking at the points of interest around the famous building sponsored by Henry Ford.

A combined concert with the Bancroft School of Worcester was given in the Lang Gymnasium on Saturday, April 25, the proceeds of which were for the benefit of the Byfield Parish Church. Each Bancroft girl was entertained by a member of the Academy Glee Club, who was her escort for the evening. Supper was served in the Commons at 6:30,

THE GOVERNOR DUMMER GLEE CLUB

More Than Eighty Boys Tried Out for the Glee Club Last Fall, and of This Number Forty-Eight Were Chosen.

and during the meal dancing took place in the living room. Following the concert, a dance was held in the Gymnasium.

The Governor Dummer Glee Club went to Portland on Saturday, May 16, to give a combined concert with the Westbrook Junior College Glee Club at the Eastland Hotel. Following a rehearsal in the afternoon, a dinner was given at Westbrook. Dancing followed the concert in the ballroom of the Eastland.

The program used by the Club this season was varied and interesting. It included Bach's *My Chosen King*, Palestrina's *Adoramus Te, Christe*, the *Prisoners' Chorus* from Beethoven's *Fidelio*, *Henceforth, Strephon* from Sullivan's *Iolanthe*, and a group of four folk songs: *Deep River*, *Bonnie Dundee*, *Gute Nacht*, and *The Arkansaw Traveler*. In the combined concerts the program included Bach's *Jesu, Joy of Man's Desiring* and *Break Forth, O Beauteous Heavenly Light*, Sullivan's *When the Foeman Bares His Steel* from *The Pirates of Penzance*, and Tschaikowsky's *O Blest Are They*.

Many members of the Glee Club combined this activity with the newly organized course in music, which met with Mr. Sager one period each week in addition to the two rehearsals of the Club.

GOVERNOR CREW COMPETES IN INTERSCHOLASTIC RACES

Governor Dummer was among the group of 23 preparatory schools that competed in the sixth annual Interscholastic Championship held in Marion, Massachusetts the last week in June. Tabor Academy, of Marion, was the host, and the competition was held under the auspices of the Beverly Yacht Club. It was the largest Interscholastic Championship yet to be held, and was governed according to the rules prevailing for 14 years in the junior championship, the purpose of which is to test comparative skill, seamanship, and acquaintance with the rules of racing. Nine crews, of which Governor Dummer's crew was one, battled through a protest flag incident, flat spots, and shifting winds to the finals. The Governors finished in sixth place.

Governor Dummer was captained by Benjamin Smith of Gloucester, whose capable crew was Richard Pierce and Alex Hunt. The other successful finalists were Andover, Avon Old Farms, Noble and Greenough, St. George's, St. Paul's, Tabor, Westminster, and Loomis, all of which sailed a series of three final races.

EXHIBITS BY WELL-KNOWN
ARTISTS HELD AT ACADEMY
DURING PAST SCHOOL YEAR

In conjunction with the work of the sketching department, exhibitions by well-known artists have been held at the Academy, excursions have been made to art galleries, and talks have been given at the regular evening meetings.

Visits to the Isabella Stewart Gardner Museum in Boston and the Boston Art Museum were made by a group of five boys from the sketching class under the direction of Mr. Morey Eames on Sunday, February 23. The center of interest on this trip was the Vincent Van Gogh exhibition.

Thirty-four original etchings and prints were displayed in the Noyes Library during February. They were the work of contemporary American artists and were specially selected for the school by the Association of

American Artists. At the same time the Commons Building contained a group of eight water colors by eight different American painters. The exhibition was loaned to the school by the Addison Gallery of Art at Andover, and included as its outstanding picture Mr. Frank Benson's *River in Flood*.

Mr. Harry Sutton, Jr., whose paintings were shown at the Academy during April, spoke at the regular evening meeting of the school on April 22. He told something of the different conditions under which the artist must work, and gave a number of his own experiences as a portrait painter in Boston, New York, and Philadelphia.

Painting a Portrait, a three-reel film produced by the Metropolitan Museum of Art, was shown at the Academy on the evening of February 24. The film showed the various steps in portrait painting, beginning with the setting of the palette and proceeding step by step until the picture was completed. The artist was Wayman Adams.

THE COMMENCEMENT COMMITTEE

This Group of Seniors Assists Mr. Eames in Planning the Commencement Program. Front row, left to right: Dudley H. Follansbee, Newburyport; Harwood C. Burdett, Leominster; Thomas H. Logan, Jr., Swampscott; Joseph Williamson, Augusta, Maine; Paul H. Comins, Winchester; George W. Bovenizer, Jr., Irvington, New York; Cordis M. Sargent, Lexington. Rear Row: Gillett Griswold, Butte, Montana; James R. Adams, Slingerlands, New York; Stafford J. King, Jr., Danvers; Adolf F. Haffenreffer, Fall River; C. William Earnshaw, West Newton.

Symbols of Tradition

A stranger who happens to venture onto the campus of a school or college may not be conscious of the multitude of ancient and respected traditions with which the atmosphere is laden, and which the alumni and undergraduates of that institution hold in considerable reverence. And yet he is able to judge instantly whether or not he is wandering through paths where time-honored customs and venerable traditions have become established.

Perhaps an ivy-covered building, of colonial design, is sufficient to create a mellowness and maturity that bespeaks a history of some length. But in this day and age, in spite of an era of steel and concrete, buildings come and go in rapid succession. Perhaps our stranger's eye falls on one of the monstrosities so common on the small college campus—the oddly shaped piece of granite, bearing a legend in Latin or Greek, and dedicated to the glorious memory of the Class of '67. But fortunately many of these bits of art are being relegated to more remote and less conspicuous corners of the campus, herded together in ranks and files that give them an appearance akin to that of their brethren in the cemetery.

No, there is something else—something of greater permanence and beauty—that says clearly to the stranger, "Sir, you are now walking upon ground that is rich in the traditions of the past." Trees tell the story,—massive oaks, lifting their gnarled trunks and twisted limbs aloft; majestic elms, sweeping upwards with the grace of cathedral arches; towering pines and hemlocks, rising in stately symmetry. An institution may have a wealth of buildings and equipment; it may have the most ideal of locations; it may have the finest of personnels;—but without trees it has no campus.

In 1931 Dr. Charles Ingham, who served for more than a score of years as the devoted and faithful headmaster of this Academy, returned to the campus for a visit, and at that time wrote a series of notes on the various trees of the campus. Were it not for his foresight, many of the interesting incidents in their lives would have faded into oblivion. We should never know, for instance, that the pine grove in the hollow in front of Peirce Hall is the indirect result of a series of minor crimes and misdemeanors! They were set out, it

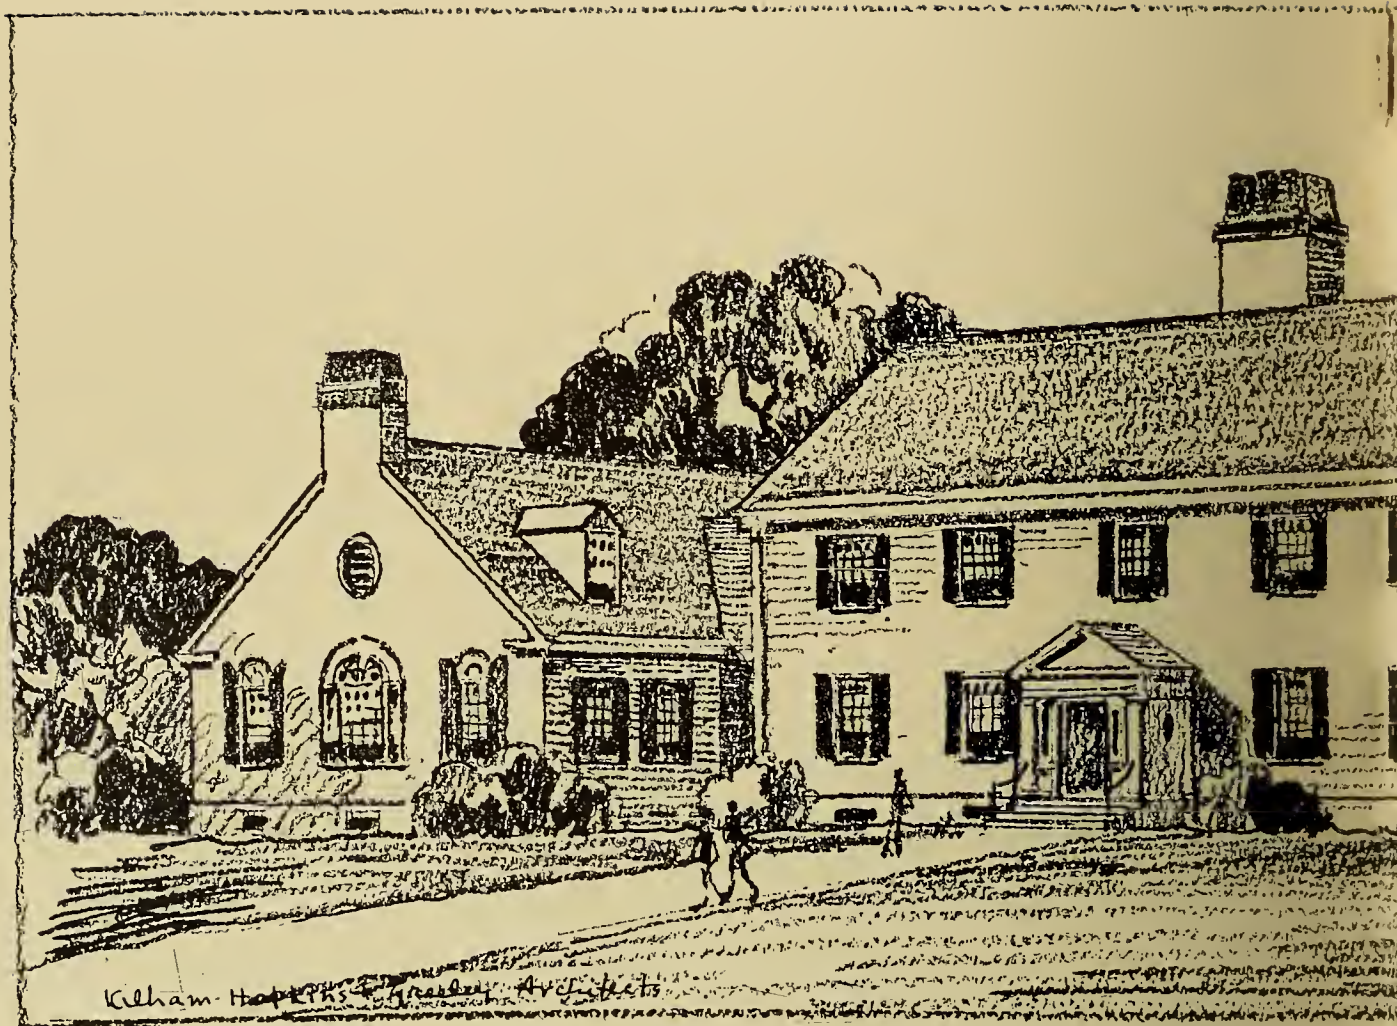

seems, by boys who were working off marks received for misconduct.

Grandfather of all the campus trees is the greening apple beside the Commons Building. Its exact age is not known, but it certainly goes back to the days of the Honorable William Dummer, and perhaps was set out by him. For years it has been dying by degrees, and every severe storm has taken its toll, but still it clings to life with New England tenacity and each year greets the return of spring, as it has for perhaps nearly two centuries, with a growth of vigorous young shoots.

A hickory, set out in the days of Master Adams, is near the front of the present school-house, and was located even nearer to the old school building. Dr. Ingham observes that it was "probably set out with a view to school use." An ash near the milestone was once threatened when a youngster then in school attempted to convert it into a baseball bat. A timely rescue has permitted this tree to outlast a tremendous barn that used to stand just across the roadway from it, on the site of the monument. The two great pines near the front of Parsons are the sole survivors of a terrific ice storm in November 1921, which hopelessly wrecked a number of tree and caused so much damage to the beautiful old elms on the Mansion House lawn that there was considerable doubt as to their recovery.

There is comedy as well as tragedy in the history of the campus trees. Along the north side of the Mansion House is a row of horsechestnuts, beautiful in spring with their fresh foliage and white blossoms. Dr. Ingham says, "I recall a fine picture of these trees in the catalog, facing the page marked Faculty. Under the picture was the title 'Horse Chestnuts.' Because of the context, certain members of the faculty resented the title, so in later catalogs it was marked 'Spring Blossoms.' Still the faculty didn't like it, so out went the cut!"

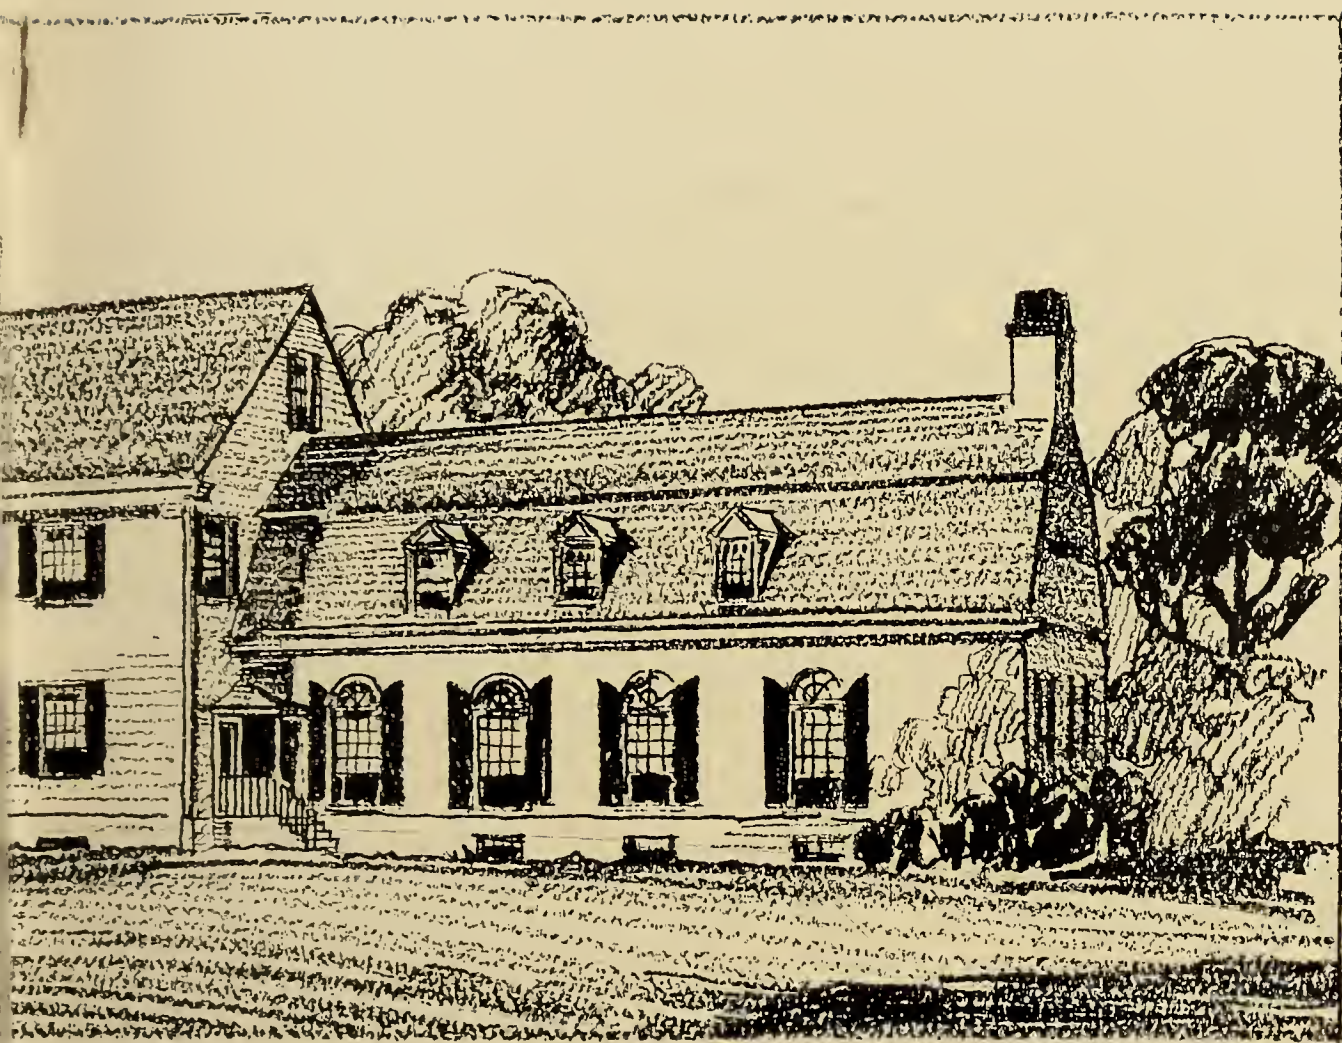

No setting could be more appropriate for Commencement exercises than the elm-shaded lawn of the Mansion House. The thick canopy of leaves, with fingers of sunlight filtering through, is more beautiful than the vaulted roof of a cathedral. The stranger needs only to sit quietly here for a moment to become aware of the wealth of history and tradition symbolized by the trees of Governor Dummer.

ARCHITECT'S SKETCH OF THE PROPOSED NEW BUILDING.

Announcement was made on Commencement Day, June 5, 1936, that work would begin immediately on the dining hall wing of the new building, and it is hoped that the wing will be ready for occupancy by the opening of school in the fall. This announcement is the result of a campaign for funds which was initiated last year by the students and which has since been carried on by the trustees with the assistance of an Advisory Committee. More than 500 individuals have made contributions to the building fund, including boys, alumni, faculty, trustees, parents, friends, and neighbors of the school.

The building faces the rear of the Mansion House and is on the same level as the Gymnasium and Peirce Hall. The wing at the reader's left, which is now under construction, will contain a large dining room, serving rooms, a completely equipped electric kitchen, storage rooms and heating plant. The dining hall which is 99 feet by 30 feet, is one and a half stories high.

. PART OF WHICH IS BEING ERECTED THIS SUMMER

The central section, when completed, will contain a large entrance hall, coat room, kitchenette, ladies room, and small conference room, with a single corridor of boys' rooms on the second floor.

The wing at the right will contain a large school living room and will be used for the school meeting held regularly each evening, for Sunday evening vesper services, and for teas and receptions. The entrance hall and living room will be used together for school dances.

The present dining hall in the Commons Building will be remodeled this summer to provide additional quarters for boys and masters' families.

The architects for the building are Kilham, Hopkins, and Greeley of Boston and the building contract has been awarded to the William Bailey Company of Boston.

MORE THAN AN EDUCATION

This year as in previous years the students of Governor Dummer Academy have shown a remarkable willingness to do their share in bringing about the completion of any task beneficial to the school. In the past the student body has been the main factor in constructing a drainage system for the athletic field, a hockey rink, and a board track. This year the boys' aid in clearing snow from the paths and roads accounted for the speed with which this task was accomplished.

We hope that this spirit of student cooperation will continue to be a part of Governor Dummer for the years to come. It is truly a fine trait, and one that an ordinary education cannot instill within its students. Here at school the boys learn so thoroughly the imprudence of shirking work that in later life the desire to do a job well and completely will become a habit which is certain to prove an invaluable part of each boy's character. We are proud of this spirit at Governor Dummer, for we sense it within us and realize that here we have gained something which is a long step toward success in the future. A man, not only willing but desirous of doing more than his share of labor, is one who will advance step by step in life until he has reached the culmination of his ambition, whatever it may be.

R. V. M.

More Briefly

Dean Scott Porter of Amherst College was the guest of the school on the evening of February 3. Following dinner at the Mansion House, he attended the evening meeting, and afterwards interviewed the boys who are interested in attending Amherst next fall.

* * *

Skating races, a giant bonfire, an amusing skit, and refreshments featured the ice carnival held at the school on Saturday evening, January 25. Mr. Cobb was in charge of the affair, and several committees of masters and boys aided him in carrying out a highly successful program.

* * *

The annual senior picnic, one of the highlights preceding Commencement Week, was held at Plum Island on May 28. Shortly after classes the seniors left for the Island, and the afternoon was spent in swimming and in playing baseball and football.

* * *

At the annual Senior Sing, held on Sunset Hill on the evening of June 4, Morgan Batten, editor-in-chief of the *Milestone*, announced that the yearbook has this year been dedicated to Mrs. Carrie G. K. Ambrose of the class of 1876.

* * *

Dean Charles Roy Keller, director of admissions at Williams College, visited the school on March 9 and spoke briefly at the evening meeting on the changes in the requirements for admission to college.

* * *

Colonel Nicholas C. DeGouliaeff, former attache to Grand Duke Alexander of Russia, visited the Academy on May 6 and presented an interesting group of Russian folk songs at the regular evening meeting.

* * *

A recent letter from Rusty Brewer, '35, reports that Bill Williamson, '35, is on the freshman wrestling team at Williams and that Walter Comfort, '34, is one of the best members of the varsity mat team, having yet to be defeated.

* * *

Dean Harold E. B. Speight of Swarthmore College was a visitor at Governor Dummer on March 13.

The schedule of movies for the end of the spring term includes *Captain Blood* on May 16, *A Night at the Opera* on May 23, and *The Milky Way* on May 30.

A SCENE FROM THE SCIENCE SHOW

Boys Selected for Their Special Interest in Science Presented the Third Annual Science Show During the Winter Term

RECENT SCIENCE SHOW IS
MOST SPECTACULAR EVER
PRESENTED AT ACADEMY

Mr. Kirk and Boys of Science Department Are
Entitled to Much Credit for Fine
Exhibition

The science department, under the direction of Mr. Kirk, staged the most spectacular science show in the three years of this annual affair on Friday evening, March 6. The show was set in motion by Mr. Kirk himself, who spoke briefly of the purpose of the exhibition and thanked all those who had helped him arrange the program.

Richard Curtis started the actual show by giving an interesting explanation and demonstration of the action of geysers. He was followed by Joseph Williamson, who showed the effect of certain gases on fire. Then Harwood Burdett gave an interesting demonstration of a smoke precipitator, and also one of the peculiar action of the boiling point of water when the pressure is reduced.

William Earnshaw and Charles Fellows performed a thrilling series of explosions, and Edwin Hatheway explained the operation of the first steam engine as compared with a modern one. David Foss performed an interesting experiment when, by means of a lamp and a bowl of water, he explained clearly the

action which causes the various colors in the setting sun. The final performance of the evening was given by Leonard Ellis, who demonstrated the properties of luminescent chemicals.

SCIENCE STUDENTS ATTEND
LECTURE SERIES AT M. I. T.

Governor Dummer science students have been attending a series of four lectures given this winter at the Massachusetts Institute of Technology. The Society of Arts at M. I. T. is sponsoring the series, which is intended for secondary school students. It is the object of the lectures to discuss various scientific phenomena in a technical way, at the same time taking care to make the subjects intelligible to school students.

The Massachusetts Institute of Technology's annual Open House last Saturday drew a delegation of twelve Governor Dummer Academy students. Each person was allowed to see what he pleased. Several fellows roamed the Chemistry, Physics, and Biological laboratories while others watched the track meet and boat races staged outside and the fray known as the 'Technique Rush.' In addition to attending various lecture demonstrations and viewing some products of high-speed motion-picture photography, members of the group witnessed special exhibits on hydraulics, geology and mineralogy, and glass-blowing,

THE LARGE RATIO OF MASTERS TO BOYS PERMITS ATTENTION TO INDIVIDUAL NEEDS

GOVERNORS TAKE FINAL GAME
FROM MOSES BROWN SCHOOL
TO CLIMAX BRILLIANT RECORD

Season Includes Five Victories and One
Scoreless Deadlock With Deerfield
Academy

Winning five games and tying one during the past season, the Governor Dummer football team earned the title of the Academy's first undefeated eleven. Victories were scored over Thayer, Tabor, Moses Brown, the Andover Reserves, and the Harvard Freshman Seconds, and a scoreless tie was fought with Deerfield. The Governors accumulated a total of 128 points, in spite of frequent use of the second team, and their opponents combined to produce only three touchdowns. In reviewing the team's season, the *Boston Transcript* ranked the Governors at the top of their class among the private schools. This class included such schools as St. Mark's, Noble and Greenough, Groton, Thayer, Tabor, and Milton.

As an appropriate climax to its unbeaten record, Governor Dummer Academy defeated Moses Brown School at Providence, on November 16 by the score of 14-6.

FIGHTING THAYER ELEVEN
DOWNED AS GOVERNORS WIN
THIRD STRAIGHT VICTORY

Gaining the necessary scoring punch in the second half, the Governor Dummer team registered its third triumph in as many starts by defeating a fighting Thayer eleven, 14-0, at South Byfield on October 26.

Although the Governors had possession of the ball inside Thayer's 10-yard line three times during the first half, they were unable to push the ball over. The second half started with a long touchdown march which was culminated when Dick Curtis plunged over from the 1-yard line. Ed Donnelly place-kicked the extra point.

The Governors scored their second touchdown in the last quarter by sending Hoague around end with the aid of beautiful interference on a 20-yard run. Donnelly again kicked the extra point. In the last few minutes Thayer reverted to passes, by which they advanced to the Governors' 20-yard line, but their attempt to score was frustrated when Batten intercepted a pass down the center alley. Hoague and Hale were the keynotes in the Governors' offense, while Donnelly and Comins played well in the line.

ACADEMY ELEVEN OUTPLAYS
DEERFIELD IN TRADITIONAL
GAME BUT FAILS TO SCORE

Governor Touchdown Not Allowed Because of
Off-Side Penalty; Attempt at Field
Goal Falls Short

Superior in every phase of the game, but handicapped by a slippery field and costly penalties, the Governor Dummer eleven battled to a 0-0 decision with Deerfield on November 2. Most of the play was in Deerfield territory, but the Green and White played a defensive game and were content with a draw.

Towards the middle of the second period, Deerfield got off a kick that rolled to the Governor's 20-yard line. Joe Hoague immediately retaliated with a 70-yard kick that placed the ball on Deerfield's 20-yard stripe. Deerfield again kicked and Hale ran the ball back to the Green and White's 43-yard line. The Governors made two successive first downs, and then threw a pass, Hoague to Batten, which produced a touchdown that was not allowed because of an off-side penalty.

After the half, the Governors gave a beautiful exhibition of determination, but were unable to produce a score. With one minute to go, the Governors attempted a field goal on third down from the Deerfield 5-yard line, but were unsuccessful. The game ended one play later.

LIGHT HEAVY-WEIGHT TEAM
OF ACADEMY SECOND SQUAD
IS CHAMPIONSHIP ELEVEN

The light heavy-weight team of the second squad came through the season with an undefeated record and scored major victories over the Deerfield and Moses Brown junior elevens.

In the initial game of what is expected to be an annual encounter, the light heavy-weight team of the second squad defeated the Moses Brown juniors by a score of 6 to 0 in the last minute of play.

The Governor light heavy-weight division won the first game in the history of the annual encounter with Deerfield on Thursday, November 5, by the score of 19 to 0. During the entire contest the Governors showed unquestioned superiority, making ten first downs to the visitors' two, and gaining 140-yards to Deerfield's 20.

A WORK PROJECT IN PROGRESS

The Board Running Track which the Boys Constructed in the School Year 1933-34 was one of the Most Ambitious Projects Undertaken for the Improvement of the School.

STRONG DEERFIELD FIVE
OUTPLAYS GOVERNORS AS
TEAM MEETS FIRST DEFEAT

With three straight victories to their credit, the Governor courtmen journeyed to Deerfield on February 1 and took their first defeat from the strong Deerfield Academy five by the decisive score of 47-24.

Although Aaron Goodale made the first score of the game by sinking a free throw, the Governors soon found themselves trailing 15-1. They were unable to adjust themselves to the large court, and their shots from the floor were wide. A slight rally netted four points, but Deerfield led at half time by the safe margin of 20-5. Norris, star of the Deerfield five, repeatedly sank shots from every angle, many of them being thrown from mid-court.

The Governors deserve considerable credit for their fight in the second half. In spite of the uneven score, they kept scrapping every minute of the game and scored 19 more points before the final whistle. Captain Red Batten was the Governor high scorer with eight points, and Ed Donnelly was a close second with seven. For Deerfield, Norris earned the high scoring title by piling up 18 of his team's points,

BRILLIANT OPENING ATTACK
ENABLES GOVERNOR QUINTET
TO DEFEAT ANDOVER TEAM

Flashing a brilliant opening attack, the Governor Dummer basketball team upset the favored Andover five, 38 to 34, on the latter's court on February 19. The Governors stepped into a 12-1 lead before the end of the first period, with Ed Donnelly doing most of the scoring, and Captain Batten and Bob Hale successfully breaking up the Andover offense.

In the second period Andover started clicking, but the Governors continued to play splendidly and enjoyed a ten point lead at the half. Fred Zins gave a marvelous demonstration of accuracy in his shooting, and it was mainly through his efforts that the Governors remained on top. Andover's attack became still more potent in the third period, as Zilly, playing forward for the home team, hit the mark on nearly every attempt. The fourth period saw still more improvement in the Andover attack, and with but four minutes to play the Governors' lead was cut to seven points. The Phillipians continued to score, but two shots, one by Hale, and the other by Donnelly, saved the game.

FIRST SKI TEAM FORMED
AT ACADEMY THIS WINTER

Following in the footsteps of the Finno-Ugrians of prehistoric times, Governor Dummer has organized its first ski team under the supervision of Mr. Lacey of the faculty. The experienced members are Sheldon Harris, Jack Bell, Fred Brehm, and Tommy Sanders. The other members of the squad are Dave Harris, Tom Nathan, Ed Hatheway, Em Kirby, and Pen Hildreth.

The first triangular meet was held with Brooks School and Phillips Academy, Andover, on January 29. Brooks earned a total of 13 points, while Andover took 12 and Governor Dummer 8. The outstanding performance for the Governors was Jack Bell's first place in the cross country race. Sheldon Harris took second in the downhill event. Mr. Lacey, in reporting on the meet at the evening meeting, declared that the team showed real promise, considering the lack of practice and experience, and he was optimistic concerning the coming meets.

The ski team will participate in the Eaglebrook Interscholastic Meet, and it is probable that dual meets will be arranged with Brooks and Andover. Since the heavy snowstorm on January 19, the weather has been ideal for skiing, and the team has been practicing every afternoon on the golf course.

MATMEN TAKE SECOND MATCH
FROM BROWNE AND NICHOLS

The newly organized wrestling team had its second match of the season with Browne and Nichols at Cambridge on Thursday, February 6. The opening match, fought the previous Saturday, resulted in a 9 to 1 victory for Governor Dummer, and the more recent contest continued this good beginning by turning into a 28 to 0 rout when the Governors won every match except one by a fall.

Captain Haffenreffer of Governor Dummer and Captain Woodman of Browne and Nichols met in the most interesting match of the day, with victory going in the end to Haffy by a decision. The time advantage was 2 minutes and forty-two seconds. John Field, in the 155-pound division, won the quickest fall of the day when, after two minutes of standing in which neither man had an advantage, he pinned Kirkpatrick in 1 minute and 8 seconds. Paul Comins, formerly a member of the Browne and Nichols team, threw his man in rapid time.

BELMONT HILL PUCKSTERS OUTPLAY GOVERNOR TEAM

The Governor Dummer hockey team journeyed to Belmont on Saturday, February 8, to meet the crack Belmont Hill team. The ice was nearly perfect, but the Governors were no match for the Belmont boys, and the final score left them on the short end, 6 to 1.

During the first period neither team was able to score, although both missed several opportunities. In the second period Belmont swept irresistibly down the ice to put four goals into the Governors' cage, John Eaton of Belmont doing all this scoring. Joe Hoague of the Governors scored in the same period with a long, hard shot from the center of the rink. Thus the period ended with the Academy trailing by a count of 4 to 1.

Belmont registered two more goals in the third period, outplaying the Governors consistently.

GOVERNORS TIE ROXBURY AS HOCKEY SEASON ENDS

The Governor Dummer hockey squad journeyed into Boston, February 25, to meet a fine Roxbury Latin team at the Boston Garden. This was the final game of the season, and the Governors turned in one of their finest performances in coming from behind to tie their rivals, 2—2.

Cordis Sargent of Governor Dummer opened the scoring in the first period and put his team in the lead. However, in the next stanza Roxbury played brilliantly and scored twice to jump ahead of their rivals. One of these two goals came after an interesting scurry in front of the Governors' goal. Captain Ross had just made a fine stop which brought him down on the ice. The puck, shoved out by Ross, hit the skate of an opposing player and slid slowly back toward the goal, with Art unable to reach it before it entered the net.

In the third period Joe Hoague tied the score with a hard, long shot from the blue line. An extra period failed to break the tie.

JUNIOR HOCKEY TEAM LOSES CLOSE GAME TO BROOKS, 1-0

In the opening game of the junior hockey season, the Governors lost a close decision to the Brooks School juniors at North Andover on February 3 by the score of 1-0.

George Bovenizer, playing at goal, was the star of the Governor team, making a number of difficult stops and permitting Brooks to

score only after the puck had glanced from the stick of one of his own defense men. Bud Hasse and Dave Hunter, playing their first game of organized hockey, were strong at defense, and Ralph Bean, acting captain of the team, skated and stick-handled in fine style.

HARVARD PRIVATE SCHOOL MEET ENTERED BY TRACKMEN

The Governor Dummer track team participated in the Harvard Private School Meet together with Moses Brown, Tabor, Roxbury Latin, Milton, Browne and Nichols, and Noble and Greenough, at Cambridge on Saturday, March 7. The meet was won by the powerful Moses Brown contingent, while the Governors had to be satisfied with fourth place.

The feature event of the afternoon was the second meeting of Harold Wonson of Tabor and Staff King of Governor Dummer in the 1000. These boys had met previously in the Browne and Nichols triangular meet, and Wonson triumphed by a margin of two feet. Their second meeting was a thrilling affair which saw the lead change no less than three times, but again King was defeated by a mere two feet.

STAFF KING BREAKS RECORD FOR HALF-MILE AT DURHAM AS TRACKMEN OPEN SEASON

The Governor Dummer spring track team made its debut at Durham, New Hampshire, Saturday, May 2, in the New Hampshire State Interscholastic track and field meet, and collected 9 points against strong competition.

Dick Curtis began the Red and White scoring by flinging the javelin 160 feet 8 inches to gain second place. Previously Morgan Batten, dash man, had been shut out in the stiff competition of the 100-yard trials. Batten also cleared 19 feet 4½ inches in the broad jump without qualifying. Rupert Neily increased the Governors' tally by running doggedly to a fourth in a good quarter-mile.

Captain Stafford King climaxed performances in running his first half-mile in competition. Boxed at the start, he approached the leader on the second turn, and went ahead for the gun-lap. He remained in front for the rest of the race, staved off a momentary challenge in the home stretch by Keating of St. John's, and flashed across the finish with a clocking of 2 minutes, 2.6 seconds, one second under the old meet record. Keating holds the National Scholastic record in the half-mile.

THE GOVERNOR ELEVEN IN ACTION

Fast Governor Halfback Circling the End on a Run That Placed the Ball in Scoring Position.

ANDOVER BASEBALL TEAM
OVERCOMES ACADEMY LEAD
TO WIN BY SCORE OF 6—4

Governor Dummer Academy lost a heart-breaking ball game to Andover by the score of 6 to 4 at Andover on May 29. A home run by Bob Hale with two runners on base gave the Governors a three-run lead in the opening inning and the prospects looked very bright for the visitors. However, Andover quickly retaliated and succeeded in making four runs in the second inning as Hale's pitching was hit rather freely. In the fourth inning the Governors tied the score, but Andover went ahead again by scoring two runs. The last half of the game brought no scoring and developed into a pitchers' battle.

Bob Hale, who was pitching his second game in three days, managed to strike out six Andover batters. One of the prettiest plays of the game came when Fred Zins, Governor second baseman, took a hot grounder from the batter, touched a runner forced from first, and threw to Johnnie Carver at first for a brilliant double play. The Governors performed very well as a team and showed a fighting spirit throughout.

GROTON NINE OVERPOWERED
BY GOVERNOR DUMMER, 13-6

After trailing by a margin of six runs in the first four innings, the Governor Dummer baseball team went on a hitting spree and downed the Groton nine by the score of 13 to 6 at Groton on April 29.

Jim Adams, who started on the mound for the Governors, was hit quite freely in the opening innings, and the team's fielding was loose, partly due to a strong wind which blew throughout the game. In the sixth inning Bob Hale was sent into action, and Groton was held scoreless for the remainder of the game. Four runs for the visitors during the same session put the Governors in the lead.

Besides the fine pitching of Bob Hale, Ed Donnelly's work at third base and at bat was the outstanding feature of the afternoon. Out of four trips to the plate, he pounded out a home run and two doubles. Fred Cool, Aaron Goodale, and Bob Hale each collected two hits. The Governors scattered their runs, making one in the first inning, two in the fourth, four in the sixth, three in the seventh, and three in the eighth.

NETMEN LOSE FOUR MATCHES
AS MEDIOCRE SEASON ENDS

Although giving the Browne and Nichols and Thayer Academy netmen stiff competition, the Governor Dummer tennis team failed to break into the winning column during the recent season.

Opening against Browne and Nichols on May 6, the Governors lost by the close score of 3 to 2. Mac Busch earned one of the Red and White tallies in the singles, and he and Captain Vaughan were successful in the doubles to account for the other point. At Thayer Academy on May 13, the Governors bowed, 4 to 3, with Vaughan and Will Voorhees winning their singles matches, and Vaughan and Alex Hunt combining to take a point in the doubles.

The crack Haverhill High team, runner-up in the Massachusetts Interscholastics, blanked the Governors by the score of 7 to 0 on May 18. Jack Benton and Voorhees carried their doubles match to three sets, however, and Captain Vaughan and Bud Hasse came very close to earning a tally for the Governors. The last match of the year was with Moses Brown at Providence on May 23, with Gov-

ernor Dummer losing by the score of 8 to 1, largely because two regulars were out of the line-up.

GOLF TEAM EARNS THREE
WINS OUT OF SIX STARTS

With victories over Phillips Academy at Andover, Thayer Academy, and Malden High School, the Governor golf team broke even for the 1936 season. The team this year has been captained by Joe Williamson, who has played at number 2, and the other members are Pete Carpenter, number 1; Jim Walsh, number 3; Tom Logan, number 4; Russ Potter, number 5, and Cordis Sargent, number 6.

The opening match with Lexington High School was dropped by the score of 5 to 4 on May 1, but the Governors came back to win from Malden, 6 1-2 to 2 1-2, on May 6. Phillips Exeter outclassed the South Byfield combination, 8 to 1, but the Governors triumphed over Andover the following week by the same score and trounced Thayer, 8 1-2 to 1-2. The final match was the annual meeting with the members of the Ould Newbury Golf Club, and the Academy lost, 20 to 15.
